PRESS RELEASE

TRISURA GROUP REPORTS THIRD QUARTER 2026 RESULTS:

MOMENTUM IN PRIMARY LINES AND GROWING INVESTMENT INCOME SUPPORT FUTURE POTENTIAL

TORONTO, November 5, 2026 — Trisura Group Ltd. ("Trisura" or "Trisura Group") (TSX: TSU), a leading specialty insurance provider, today announced financial results for the third quarter of 2026.

David Clare, President and CEO of Trisura, stated,

"Our Primary lines continued to build momentum, with Net insurance revenue growing 12.5% and Underwriting income growing 15.5%, supported by improving profitability in both US Surety and US Corporate Insurance. We have contributed more than $200 million of capital to our treasury-listed US Surety entity and secured the state licenses to support its growth. Our progress in expanding US Primary lines reinforces our confidence in their ability to deliver attractive long-term growth and earnings.

Operating net income was stable at $35 million in the quarter, as 18.5% growth in Net investment income offset unfavourable casualty experience in US Programs. Our teams have taken action to improve casualty results, which were impacted by a small number of programs, including programs in run-off.

Operating ROE was strong at 16.2%, and book value per share increased 10.7% over the last year to $20.93. The slight decline in book value from the second quarter was driven by unrealized investment losses.

With a strong capital position and a 17.4% Debt-to-capital ratio, well below our 25% long-term target, our balance sheet gives us the flexibility to continue scaling our North American specialty platform and to deploy capital with discipline toward accretive opportunities."

Highlights

- ✓ Primary lines[(1)] Net insurance revenue[(2)] growth of 12.5% reflected continued momentum in the quarter.
- ✓ Combined ratio[(2)] for the quarter was 87.5%, reflecting continued strong underlying performance across Primary lines.
- ✓ BVPS[(2)] increased 10.7% year-over-year, with Operating ROE[(2)] remaining strong at 16.2% (ROE[(2)] was 15.1%).
- ✓ Our Debt-to-capital[(2)] ratio remained conservatively positioned at 17.4%.
- ✓ Operating EPS[(2)] of $0.73 (EPS of $0.54) in the quarter reflected strong Underwriting income from Primary lines, and solid contributions from Net investment income.
- ✓ Investment income growth of 18.5% was robust reflecting continued contributions to the investment portfolio.

ROE	15.1%	15.1%	0.0pts	15.1%	15.1%	0.0pts

Q3 Consolidated Performance

- Net insurance revenue of $203.1 million increased modestly, driven by Primary lines growth of 12.5% in the quarter and 10.1% in the YTD period and partially offset by contraction in Canadian Fronting, as well as a modest decline in US Programs in the quarter.
- Underwriting income of $25.2 million decreased in the quarter and was flat in the YTD period, due to a higher Loss ratio in US Programs and lower Net insurance revenue from Canadian Fronting, partially offset by continued growth in Surety and Corporate Insurance.
- The Loss ratio of 36.4% increased in the quarter and the YTD period, primarily reflecting unfavourable claims experience from US Programs.
- The Expense ratio of 51.1% was broadly stable for the quarter and YTD period.
- Net investment income continues to increase driven by ongoing cash contributions to the investment portfolio, primarily as a result of growth in Primary lines.
- Operating earnings per share of $0.73 (EPS of $0.54) increased in the quarter and YTD period driven by higher Net investment income and solid Underwriting income with Primary lines growing 15.5% and 9.6% respectively.
- Operating ROE of 16.2% (ROE 15.1%) was solid and within expectations, though lower than the prior year as growth in Operating net income was more than offset by higher Shareholders' equity, largely reflecting retained earnings from core operations.

PRESS RELEASE

Capital

- The Company and its regulated specialty insurance subsidiaries are well-capitalized, and we expect to have sufficient capital to exceed both our minimum regulatory and internal capital targets, and to fund our operations.
- The Company's Debt-to-capital ratio of 17.4% increased due to the issuance of $200 million of senior unsecured notes in Q1 2026 used to refinance existing indebtedness and further strengthen the balance sheet.

Corporate Development

- Further expanded our US Surety licenses in the quarter, adding Oregon to reach 49 state licenses in our treasury-listed entity.

Analysts' Estimate

- The average estimate(3) of Operating EPS for the quarter among the analysts who follow the Company was $0.73.

Earnings Conference Call

Trisura will host its Third Quarter Earnings Conference Call to review financial results at 9:00a.m. ET on Friday, November 6th, 2026.

To listen to the call via live audio webcast, please follow the link below:

https://edge.media-server.com/mmc/p/6n5q3jyr

A replay of the call will be available through the link above.

Investor Day 2027

Trisura will host an Investor Day on March 3rd, 2027, where management will discuss long-term strategy and market conditions. More detail will be provided in the coming months.

About Trisura Group

Trisura Group Ltd. is a specialty insurance provider operating in the Surety, Warranty, Corporate Insurance, Program and Fronting business lines of the market. Trisura has investments in wholly owned subsidiaries through which it conducts insurance operations. Those operations are primarily in Canada and the United States. Trisura Group Ltd. is listed on the Toronto Stock Exchange under the symbol “TSU”.

Further information is available at http://www.trisuragroup.com. Important information may be disseminated exclusively via the website. Investors should consult the site to access this information. Details regarding the operations of Trisura Group Ltd. are also set forth in regulatory filings. A copy of the filings may be obtained on Trisura Group’s SEDAR+ profile at www.sedarplus.ca.

PRESS RELEASE

Non-IFRS Financial Measures and other Financial Measures

We report certain financial information using non-IFRS financial measures, non-IFRS ratios and supplementary financial measures that we use to measure and evaluate the performance of our business. Non-IFRS financial measures do not have standardized meanings prescribed by IFRS and may not be comparable to similar measures used by other companies in our industry. They are used by management and financial analysts to assess our performance.

Further, they provide users with an enhanced understanding of our results and related trends and increase transparency and clarity into the core results of the business.

These metrics are operating performance measures that highlight trends in our core business or are required ratios used to measure compliance with OSFI and other regulatory standards. Our Company also believes that securities analysts, investors and other interested parties use these operating metrics to compare our Company's performance against others in the specialty insurance industry. Our Company's management also uses these operating metrics and other financial measures in order to facilitate operating performance comparisons from period to period. Such operating metrics and other financial measures should not be considered as the sole indicators of our performance and should not be considered in isolation from, or as a substitute for, analysis of our financial statements prepared in accordance with IFRS. For more information about these supplementary financial measures, Non-IFRS financial measures, and Non-IFRS ratios, including definitions and explanations of how these measures provide useful information, refer to Section 6, Other Information in our Q3 2026 MD&A, which is available on our website at http://www.trisuragroup.com and on SEDAR+ at www.sedarplus.ca.

PRESS RELEASE

Footnotes

(1) Primary lines are lines of insurance business such as Surety, Corporate Insurance, and Warranty

(2) These are non-IFRS financial measures, non-IFRS ratios, and supplementary financial measures. They are not standardized financial measures under the financial reporting framework used to prepare the financial statements of the Company to which the measure relates and might not be comparable to similar financial measures disclosed by other companies. See Section 6, Other Information in our Q3 2026 MD&A for details on composition and an explanation of how it provides useful information to an investor..

(3) The average Operating EPS estimate is calculated as the average of 9 analyst estimates provided to the Company.

(4) Other non-operating items include miscellaneous items that in the view of management are not part of our core insurance operations.

(5) Average equity is calculated as the sum of opening equity and closing equity over the last twelve months, divided by two.

Cautionary Non-IFRS and Other Financial Measures

Reported results conform to generally accepted accounting principles (GAAP), in accordance with IFRS. In addition to reported results, our Company also presents certain financial measures, including non-IFRS financial measures that are historical, non-IFRS ratios, and supplementary financial measures, to assess results. Non-IFRS financial measures, such as operating net income, are utilized to assess the Company's overall performance. To arrive at operating results, our Company adjusts for certain items to normalize earnings to core operations, in order to reflect our North American specialty operations. Non-IFRS ratios include a non-IFRS financial measure as one or more of its components. Examples of non-IFRS ratios include operating diluted earnings per share and operating ROE. The Company believes that non-IFRS financial measures and non-IFRS ratios provide the reader with an enhanced understanding of our results and related trends and increase transparency and clarity into the core results of the business. Non-IFRS financial measures and non-IFRS ratios are not standardized terms under IFRS and, therefore, may not be comparable to similar terms used by other companies. Supplementary financial measures depict the Company's financial performance and position, and are explained in this document where they first appear, and incorporates information by reference to our Company's current MD&A, for the three and nine months ended September 30, 2026. To access MD&A, see Trisura's website or SEDAR+ at www.sedarplus.ca. These measures are pursuant to National Instrument 52-112 Non-GAAP and Other Financial Measures Disclosure.

PRESS RELEASE

Cautionary Statement Regarding Forward-Looking Statements and Information

Note: This news release contains "forward-looking information" within the meaning of applicable securities laws in Canada. Forward-looking information includes statements that are predictive in nature, depend upon or refer to future events or conditions, and include, but are not limited to, statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of our Company and its subsidiaries, as well as the outlook for the North American economy for the current fiscal year and subsequent periods. Forward-looking statements are typically identified by words such as "expects," "likely," "anticipates," "plans," "believes," "estimates," "seeks," "intends," "targets," "projects," "forecasts", "potential" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may," "will," "should," "would" and "could".

Forward looking information is based on opinions, estimates, and assumptions of management and is based on management's experience and perception of historical trends, current conditions and expected future developments as well as other factors that management believes are appropriate and reasonable. Although we believe that our anticipated future results, performance or achievements expressed or implied by the forward-looking statements and information are based upon reasonable assumptions and expectations, the reader should not place undue reliance on forward-looking statements and information because they involve known and unknown risks, uncertainties and other factors, many of which are beyond our control, which may cause the actual results, performance or achievements of our Company to differ materially from anticipated future results, performance or achievement expressed or implied by such forward-looking statements and information. Past performance is not indicative nor a guarantee of future results and there can be no assurance that comparable results will be achieved in the future.

Many factors that could cause actual results to differ materially from those contemplated or implied by forward-looking statements including, but not limited to: the impact or unanticipated impact of general economic, political and market factors in the countries in which we do business; the behaviour of financial markets, including fluctuations in interest and foreign exchange rates; global equity and capital markets and the availability of equity and debt financing and refinancing within these markets; insurance risks including pricing risk, concentration risk and exposure to large losses, and risks associated with estimates of loss reserves; strategic actions including dispositions; the ability to complete and effectively integrate acquisitions into existing operations and the ability to attain expected benefits; changes in accounting policies and methods used to report financial condition (including uncertainties associated with critical accounting assumptions and estimates); the ability to appropriately manage human capital; the effect of applying future accounting changes; business competition; operational and reputational risks; technological change; changes in government regulation and legislation within the countries in which we operate; governmental investigations; litigation; changes in tax laws; changes in capital requirements; changes in reinsurance arrangements and availability and cost of reinsurance; ability to collect amounts owed; catastrophic events, such as earthquakes, hurricanes or pandemics; the possible impact of international conflicts and other developments including terrorist acts and cyberterrorism; risks associated with reliance on distribution partners, capacity providers and program administrators; third party risks; risk that models used to manage the business do not function as expected; climate change risk; risk of economic downturn; risk of inflation; risks relating to cyber-security; risks relating to artificial intelligence; risks relating to credit ratings; and other risks and factors detailed in Section 5 - Risk Management in our Q3 MD&A and in our other documents filed with securities regulators in Canada from time to time.

We caution that the foregoing list of important factors that may affect future results is not exhaustive. When relying on our forward-looking statements and information, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Unless otherwise indicated, all forward-looking information in this MD&A is included as of the date hereof and is presented for the purpose of assisting our security holders in understanding our financial position, objectives and priorities as at and for the periods ended on the dates presented, and may not be appropriate for other purposes. Except as required by law, our Company undertakes no obligation to publicly update or revise any forward-looking statements or information, whether written or oral, that may be as a result of new information, future events or otherwise.
